

Make it yours.

A small document for trying your new PDF editor.

01 Add a note

Choose Text, then click in the space below. Edit and move your note.

02 Leave your signature

Draw your signature, then place it above the line.

YOUR SIGNATURE

03 Make a copy

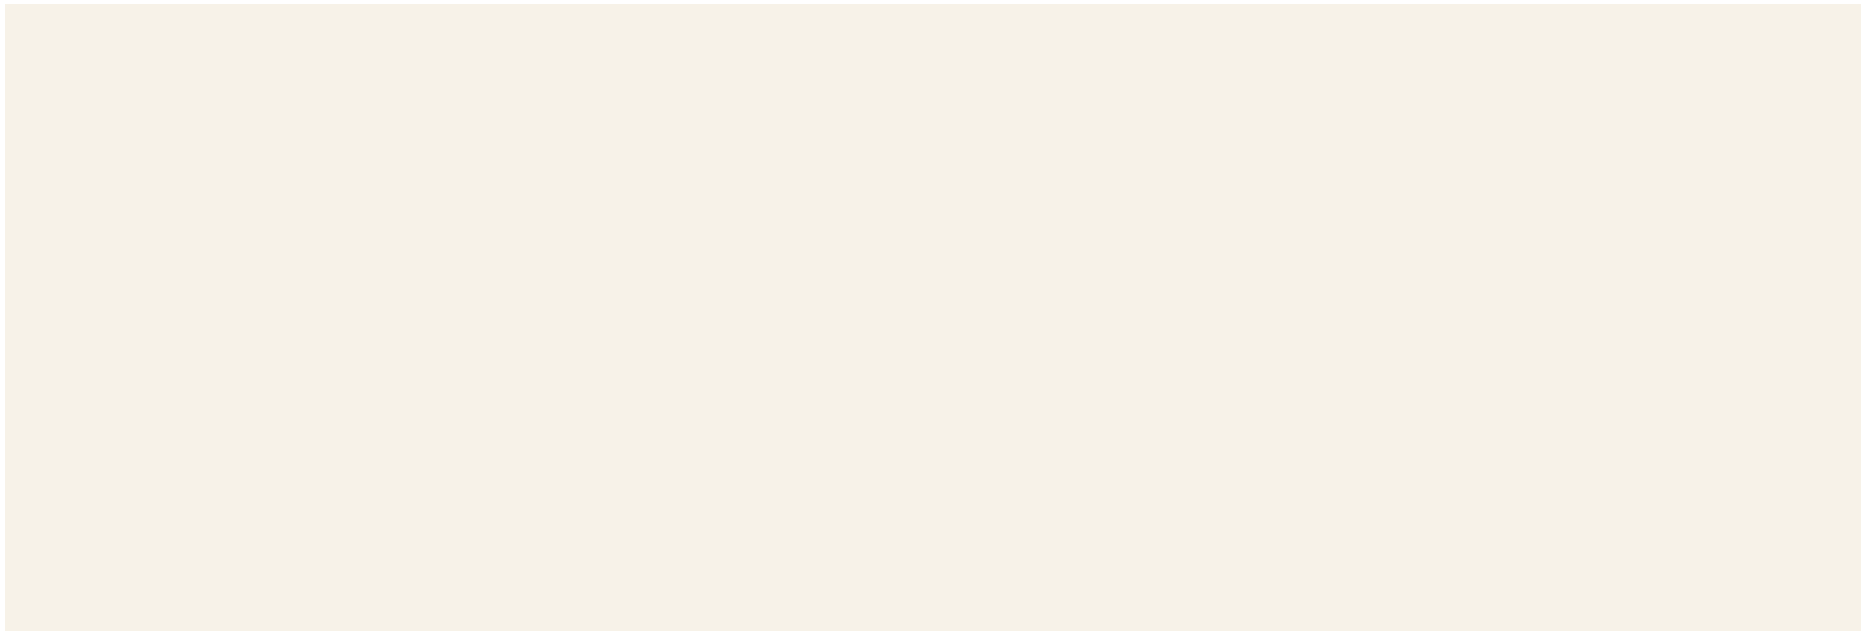

Save a new PDF, then reopen it to see your changes.

A little room to think.

Try moving this page, duplicating it, or adding another PDF.

Turn the page.

This is a landscape page. Try adding text or a signature here, too.

Use the rotation control to change orientation.
